

To Whom It May Concern:

On behalf of Metro Community Provider Network (MCPN), I wish to thank you very much for your consideration of a gift to help support our *3rd Annual Fox Sports Network Celebrity Golf Classic, "Healthcare the Fairway"* sponsored by *LabCorp and Inovus* benefiting MCPN and the BOLD organization. We are requesting a donation for the Silent Auction at our 2007 golf tournament. With your donation, MCPN can continue its commitment to insuring that a "safety-net" of medical care is provided to all underprivileged individuals in need.

MCPN provides health care, case management and outreach services to the uninsured in Adams, Arapahoe, Jefferson and Park Counties. Last year we provided almost 244,300 visits to over 37,400 individuals, thus your support of this spectacular event will have a phenomenal impact on MCPN's ability to continue providing these services.

BOLD which stands for "Building on Life's Disappointments" was compassionately conceived to offer character, leadership and life skills development to youth whose lives have been dramatically altered by natural and/or man-made disappointments.

"Healthcare the Fairway" kicks off *National Health Center Week*, August 5-11, 2007. For over 40 years, health centers continue to provide continuous primary and preventive care, reducing the risk of new health problems and lowering the overall potential cost of healthcare.

Thank you so much again for helping to make our efforts possible—we value our partnership with you and any amount you choose to donate will be greatly appreciated.

Please give me a call at (303) 761-1977 x124 should you have further questions.

Sincerely,

John A. Reid

Vice President of Development, MCPN

Blake Anderson

Executive Director/Founder, BOLD
